

# Beyond Catastrophe

A Cloud Fish Production

Mario Comanici, Niklas Lorber, Lukas Mathä,  
Constantin Piber, Jan-Heliodor Tscherko

# A student project

# The Game

- Open world
- Lonely island
- Low resources
- Heavy climate
- Survive and escape

# The Story

- After the war - lonely island
- Climate change makes survival very hard
- Extreme weather conditions
- Electricity broke down, no connection to your family
- Gather resources, craft/repair things, explore new regions, STAY ALIVE
- Try to escape the island to reunite with your family

## Implemented features

- Scene (un)loading on demand + interactive object states saved
